FORWARD-LOOKING STATEMENT

This presentation and discussion includes forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended and Section 27A of the Securities Act of 1933, as amended and such statements are subject to the safe harbor created by those sections and the Private Securities Litigation Reform Act of 1995, as amended. All statements, other than statements of historical fact, including without limitation statements regarding the financial position, strategic plan and other plans, projections, future industry characteristics, growth expectations, future ability to identify, consummate, and integrate acquisitions, and objectives for our future operations, are forward-looking statements. Such statements may be identified by their use of terms or phrases such as “may,” “could,” “expects,” “estimates,” “projects,” “believes,” “anticipates,” “plans,” “intends,” and similar terms and phrases. Forward-looking statements are based upon the current beliefs and expectations of our management and are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified, which could cause future events and actual results to differ materially from those set forth in, contemplated by, or underlying the forward-looking statements. Although we believe that such forward-looking statements are based on reasonable assumptions, we give no assurance that our expectations will in fact occur. For examples of risks, uncertainties, and events that may cause our actual results to differ materially from the expectations we describe in our forward-looking statements, see “Risk Factors” in the Company’s most recent annual report. Existing and prospective investors are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date hereof. We undertake no obligation to publicly update or revise any forward-looking statements after the date they are made, whether as a result of new information, future events or otherwise, except for the extent required by applicable securities laws.

NON-GAAP FINANCIAL DATA

This presentation may include the use of adjusted gross profit, EBITDA and adjusted EBITDA, which are financial measures that are not in accordance with generally accepted accounting principles (“GAAP”). Each such measure is a supplemental non-GAAP financial measure that is used by management and external users of our financial statements, such as industry analysts, investors and lenders. While management believes such measures are useful for investors, they should not be used as a replacement for financial measures that are in accordance with GAAP.

We define adjusted gross profit as revenues less directly related operations and expenses attributed to the company’s services. We define EBITDA to exclude the effects of interest, taxes and the “non-cash” effects of depreciation and amortization on long-term assets. Companies have some discretion as to which elements of depreciation and amortization are excluded in the EBITDA calculation. We exclude all depreciation charges related to property, technology and equipment and all amortization charges (including amortization of leasehold improvements). We then further adjust EBITDA to exclude share-based compensation, changes in fair value of contingent consideration, changes in fair value of interest rate swap contracts, costs unrelated to our core operations, and other non-cash charges.

Our presentation of adjusted gross profit, EBITDA and adjusted EBITDA should not be construed as an inference that our results will be unaffected by unusual or non-recurring items. Our computations of adjusted gross profit, EBITDA and adjusted EBITDA may not be comparable to other similarly titled measures of other companies.

Reconciliations of our non-GAAP financial measures presented to our GAAP-based financial measures are included on the last slide of this presentation.

Leading Multi-Modal 3PL Service Provider

Radiant is a leading non-asset based provider of domestic and int'l transportation and logistics solutions.

- Radiant provides global supply chain services, including domestic and international air and ocean freight forwarding and truckload, less-than-truckload, and intermodal freight brokerage services
 - Strong network of company-owned locations and strategic operating partners (agents) in the United States, Canada, and Mexico as well as additional global partners to facilitate international shipments
- Radiant continues to build out a compelling multi-modal offering, leveraging its technology and bundling value-added logistics solutions with its core transportation service offerings
 - The Company continues to optimize its best-in-class operating platform (people, processes, and technology) in order to provide exceptional operational and back-office infrastructure to its network participants
- The Company continues to generate solid financial results, with revenues of \$934.4 million, adjusted gross profit of \$246.0 million and adjusted EBITDA of \$36.7 million for the trailing twelve months ended June 30, 2026.

First to Market Advantage

Structural changes within the freight forwarding community, resulting from industry deregulation in the 1970s and the natural “graying” of industry pioneers, provide an opportunity to support the logistics entrepreneur in transition.

- Radiant enjoys a 15+year first to market advantage in leveraging a multi-brand strategy to consolidate the agent based forwarding community
- Uniquely positioned to bring value to the logistics entrepreneur
 - Leveraging our status as a public company to provide network participants with a framework to share in the value that they help create
 - Solid platform in terms of network, people, process and technology to “scale” the business
 - Ideal long-term partner in terms of succession planning and liquidity
- Systematically, we plan to convert key agent-based offices to company-owned offices and strategically acquire and integrate other additional non-asset based operations
- Radiant has identified and is in varying stages of due diligence with a number of potential acquisitions

A Talented and Experienced Management Team

Radiant is led by a deep management team with extensive industry experience, a long track record of success and is aligned with shareholders. The Founder/CEO continues to own ~20% of the shares outstanding.
